

Allotments tap

To consider and agree the replacement of a rotten wooden post and consider plot holders request for the feed to be changed to 2 taps.

Email from allotment holder below:

Hi Rachel

I hope you are well.

Can I please report that the wooden post which holds the tap on is rotten and requires replacing.

The tap is hanging on, but only with Cable ties at the moment.

I can do a temporary fix, but it need doing properly really.

Also, is it possible we could have the feed changing, so it has 2 taps please?

During the summer, when some people are using their hoses, we cannot fill up the butt, nor our watering cans.

If you can reply to all, then I will get it at work and on my personal account. TIA

Many thanks
