

Request to use Twyford Road Playing Fields from Willington Scouts Group for a firework display and donation request

Good morning, Rachel,

Willington Scout Group would like to ask for permission from the Parish Council to run the annual Willington Village Fireworks display on Saturday 5th of November 2022.

We would appreciate it if the Parish Council would be willing to make a contribution towards the cost of the fireworks. The cost this year will be higher than in previous years and will be around £1900, so any support would be very welcome.

The firework display is to be registered with South Derbyshire District Council, is fully insured and all relevant authorities will be informed. No entry fee is charged and only voluntary contributions are taken on the evening.
